

STAFF PROFILE

- 1. Name:** Charles Glisson
- 2. Position:** Producer / Director / Audio Engineer
- 3. Describe what you do at West TN PBS?** I work in the Production department shooting and editing video to put together promos and underwriting spots that air on our stations and social media accounts. For local production I run the sound board that controls the microphones used by hosts, announcers, and also record the crowd noise, music, or whatever sounds take place as part of the even being produced. "Other jobs as needed" is also a key part of my duties. No 2 days are ever the same – and that's a good thing.
- 4. How long have you been on the West TN PBS Staff?** 3 months
- 5. Where is your hometown?** I grew up in Dyer, TN but have lived in Milan, TN for over 20 years.
- 6. What is your favorite part of working at West TN PBS?** We have a great staff here at West TN PBS. I have felt at home here since day one and truly feel appreciated by my supervisors and co-workers. I also get a feeling of accomplishment when a project that I have been working on has been completed. Everyone here gives great feedback on work done.
- 7. What is your favorite program on West TN PBS Channel 11?** I'm partial to the local productions since I work on the crew when those are

being recorded. Whether it's an event that is recorded live like a parade or a political forum, or other local programs like West TN PBS Presents: A Sweet History or West TN PBS Presents: Festival Spectacular I enjoy watching the final program once it has been put together. I also enjoy Antiques Roadshow.
